

- Orange items are items with plane geometry
- Green items are items with point geometry
- Grey items are items with line geometry
- Blue items are items with only data
- Most relations are 1:n, a few are m:n; usually there will be a relation table with possibly extra fields; the relation table SubAreHourSquare linking SubArea and HourSquare) is explicitly mentioned
- Orange dashed relations are there only to indicate which extra entities can have different versions per VersionRegionalLayout
